Harbor Hearing Tonight

TONIGHT AT OLD HAMMONDTOWN

An important meeting will be held tonight, Wednesday, May 12th, at 7:30 P.M. at Old Hammondtown School. The hearing has been called by the Army Corps of Engineers to determine if modifications will be made to Mattapoisett harbor. The 1946 study has been revived for a basis of the inquiry, but, according to the report, local interest has indicated that a breakwater is required.

A map with the notice of the meeting (copies are available from the Town Clerk's office) indicates that the outer basin of the Eelpond would be dredged as well as an 8 foot deep approach channel of 100 foot width.

If action is taken on this project, the report states that the Federal Government would bear from a 50% share of the cost for project benefiting recreational interests up to 100% for projects benefiting commercial or general interests. The Federal Government would bear responsibility for all future maintenance.

Individuals and public officials of the town are invited to use an outline and prepare a presentation of harbor changes desired. Individuals, who oppose changes to the harbor, are asked to make a presentation of their reasons. Written statements may be

Since no other geographical feature is more vital to the future welfare of Mattapoisett than the harbor, this hearing is extremely important to everyone who plans to continue to live here. For an economy based primarily on waterfront recreation, no change to this harbor can be considered lightly. A full disclosure of the plans of "local interests" and a careful consideration of the consequences of these plans from an ecological and visual standpoint is necessary before any evaluation can be made. These considerations far outweigh the other consideration which is the cost of any such project. This cost would be alleviated in some measure with the Federal funds but would probably be substantial for a town of this size.

fund raising projects were held: scholarship whist, weekly whists, rummage sales, selling of stationery, the annual antique show, auction and smorgasbord supper and the community birthday calendar.

From these projects the club donated to the following scholarships: Women's Federation, Raymond C. Hartley, Eleanor Ross, Old Rochester Regional High School Control Fund; and donated to Memorial Art, Project Hope, CARE, Plymouth County Health Association, Heart Fund and to the local elementary school with two other organizations to present the school with an eye vision testing machine. The members also made an afghan and Christmas boxes for Veterans' Services.

The Rochester Woman's Club was host for two annual events for the children of their community. The children's Christmas party was held at the club house and the Easter egg hunt on the club grounds. The Club also participated with the Grange and

The club opens the doors to the community for the local Selectmen for a public meeting for explanation of the annual town warrant prior to the annual town meetings and any other special town meetings held.

Improvements were made to the club house itself. A new kitchen and the small meeting room was redecorated.

At the conclusion of the meeting the members presented Mrs. Davoll with an antique hand painted candy dish to show their appreciation for her leadership during the past year.

Mrs. Richard Santos, president, and Mrs. Wesley Davoll will attend the annual meeting of the Massachusetts State Federation of Women's Clubs May 12, 13 and 14 at the Seacrest Hotel in Falmouth.

The next regular meeting will be held June 2 at the club house at 8:00 P.M.

Dump Decision June 8

VARIANCE HEARING

Mr. Thomas F. McLoughlin conducted the hearing on Thursday on the Mattapoisett Board of Health's request for a hardship variance to permit burning at the town dump. Mr. Robert E. Donovan and Mr. Vaughan M. Steeves of the Massachusetts Department of Public Health were also on the testimony gathering panel. The statements were tape recorded and a decision will be reached on June 8th.

The Mattapoisett Board of Health was represented by Dr. Harold W. Woodcock and Dr. Stanley J. Mysliwy. Dr. Woodcock noted that Massachusetts land taking at the dump had reduced the area from 11 to 2 acres, the 2 acres being swamp. He said

that the life of the present dump is estimated at 4 weeks. He explained that a Sanitary Landfill dump is at least six months away and that no other solution is apparent.

Dr. Mysliwy noted that the chance of fire has increased greatly because of the combustible material now present. He said that 7 fires have cost $820. in a three-week period due to accidental fire or spontaneous combustion. Questioned by the panel, Dr. Mysliwy said that the dump is open 7 days a week, that a caretaker is supplied by the contractor. The contractor, Pallatroni & Gingras, Inc., maintain the dump at a cost of $5,000 per year.

tary Landfill Dump Committee, testified that the present dump was estimated to last beyond 1972 so that no urgency was apparent until the State land taking. However, he said that due to the foresight of the Selectmen the landfill committee had been formed 2 years ago to develop long range plans for a new dump. A site for the sanitary landfill dump has been selected and the committee has hired Grant Howard to make a preliminary study. Mr. Locke said that 160 tons of refuse per week is deposited in the summer and that this would fill the present dump in less than a month unless it could be reduced by burning. He noted that 7 fires in one month at the dump had cost $820. to put out. He said that unless this material could be controlled burned then the fire problem would be with us all the time.

Mr. Locke said that with the best of progress, with no problems, we are six months short of a sanitary landfill operation at the new site. In answer to questions, Mr. Locke said that the new site would be 100 acres of 100 foot elevation and that it was the only location found to be in an area which would not be in an undesirable location and which did have the necessary 4 feet over the water table as required. Mr. Locke said that there is no way to use the present dump as a landfill operation. He stated that the new landfill dump would be an extremely costly one. In answer to a question, he said that he thought that the people of the town would support it because they would realize there is nothing else that they can do.

Five people were recorded as opposed to the variance because of the smoke nuisance which forces them to close their windows and doors in the summer months. These homeowners live in close proximity to the dump site. Mr. and Mrs. Russell H. Sherman, Miss Ruth Heuberger and James Sumner were opposed. Mr. L. H. Dexter said that he was not totally opposed but suggested that a time limit be set if burning were to resume.

Mr. McLoughlin said that no financial help is available from the State. He said that Mattapoisett should have asked questions two years ago at the air pollution directive hearing held in New Bedford.

The pathfinders were Mrs. Hathaway, Mr. Spooner, Jim McPhetridge, Dan Allen, Bill Harris, Bob Marchino, Dave Hathaway .. Good job by all.

The Boy Scouts and leaders are programed for future "Clean Air & Land" projects, presumably, after the Memorial Day boat races.

The Mattapoisett River was the recent target. North Street got the attention last year at this time.

The boy scouts find pleasure in the spring "Earth Day" clean-up projects as it has always been a vital part of training in conservation.

Sippican Woman's Club

NEW OFFICERS INSTALLED

The Sippican Woman's Club held its annual official meeting of the year and luncheon at the Harbor Beach Club, Mattapoisett, last Thursday. Mrs. George E. Glazer of the Nominating Committee presented the slate of officers for the coming year. Mrs. William B. McLaughlin was Chairman of the luncheon.

Mrs. David Blaha, the outgoing President, was presented a pewter plate. Presentation was made by Mrs. Robert Marso. Mrs. George E. Glazer was installed as the new President. She is well-known in Marion, having resided here with her family for the past 17 years. Her husband, Captain George E. Glazer, is Head of the Naval Science Department at Tabor Academy. Mrs. Glazer served as President for two years several years ago. She is also a Trustee for the Memorial Educational Fund for the Mass. State Federation of Women's Clubs.

ham franchised area and the pageant committee would accept entries from the Marion-Mattapoisett area in order to complete the contestant roster.

These talented contestants will also compete in personal interviews, swimsuit and evening gown competition on their way to the title, scholarships and honors presented by the Wareham Area Chamber of Commerce.

This year's Miss Congeniality trophy will be presented by the Standard-Times to the contestant chosen by her competitors prior to the evening's pageant. Scholarships will be presented to the winner, first and second runners-up and the most talented non-finalist will also share in the scholarship awards.

Tickets are available from any of the contestants, members of the Chamber and will also be available that evening at the door.

The Miss Wareham Scholarship Pageant is a local preliminary to the Miss Massachusetts and Miss America Scholarship Pageants and certainly an opportunity for the young women of the area to participate in the largest scholarship program established since the early 1920's.

Remember the date, May 22nd, and support your choice of entry when she competes to succeed the present winner, Miss Nancy Ann French, Miss Wareham 1970.

Cycling, Anyone?

A leisure bicycle ride to see the dogwood trees in bloom will be held Sunday, May 16th, starting at 11 A.M. from the home of the leader, Charles "Chick" Mead, 137 County Road, Marion. There will be three routes, one route the same as last year and the others to see the dogwoods on Great Hill Estate, a beautiful ride of less than 8 miles. The routes will be marked with yellow arrows. Refreshments for those participating will be furnished after the ride. The Charles River Wheelmen, a bicycle club, have made arrangements. A similar ride was held last

Successful Fest

A highly successful "Munich Mayfest" was enjoyed by a capacity crowd of dancers as the gaiety of the traditional German beer garden came to Mattapoisett. The hall was decorated with flower boxes and decorative blinds. Banners hung above and "The Knockwurst 7 Plus 2", a German band, filled the air with authentic melody. Art Perry and his orchestra played for dancing. The pretty waitresses were costumed as were the bartenders who presided over the barrels of beer. A beer mug was presented to every couple as a souvenir of the event. Assorted German delicacies were served buffet style.

Proceeds will benefit St. Anthony's Church Building Fund.

MAYFEST MAIDS

Colorful costumes brighten the scene as these pretty maids gather to serve the dancers at the Munich Mayfest. From left to right are Kathy Perry, Cindy Jennings, Dotty Smith, Jackie Bertrand and Ann Pierce.

ECOLOGY SCIENCE DAY AT ORRHS

On May 5th the Old Rochester Regional High School Science Department, under the direction of Richard Setteducati, chairman of the science department, and James Hubbard, sponsored an Ecology Science Day at the school. The program was presented to the school by the Biology Association of Southeastern Massachusetts University, whose president, Miss Rose Guindon, coordinated the program.

All ORRHS students attended an Ecological lecture, given by Dr. Frank O'Brien, a member of the SMU Science faculty. Two films dealing with our changing environment were also shown. After these presentations, the ORRHS science classes attended ecology seminars, given by members of the Biology Association under Miss Guindon's direction.

ECOLOGY EARTH DAY

On May 17th the science department is sponsoring Ecology Earth Day in the three towns of Marion, Mattapoisett and Rochester. The Science Department is being assisted by the Advisory Council which is made up of students and teachers.
